

# GURT

# A message from your gurts:

IN THE BEGINNING, we separated our yogs from our gurts, and we spiced it up all night opening the most recent TOP40 LA series. GURT was the ultimate, #inclusive gurtsperience, leaving all the gurts gurting for more.

Before we knew it, so many gurts were gurting, we stopped even separating out the yogs, and then we didn't even need to measure out these spicez, cuz it always was gurted just right.

All is gurt, and gurt is one. The gurt doesn't hurt, and if it does, it's that true gurt that tells it like it is and keeps it namasgurt. We are a tribe of gurtivated bodies that collectively make up #US, the elusive chanteuses that run the gurt! CAN I GURT AN AMEN? That's how the good Lord gurts, that's how she gurts.

# GURT ALERT!

WE'VE GURT AN ANNOUNCEMENT

**The word “gurt” can be used as a noun, verb, adjective, prefix, suffix, infix, preferred gender pronoun or whatever else you need it for.**

**Gurt is a fruit basket. Gurt is all of the above.  
Gurt is a substitute for “meaning.”**

**Gurt is also a movement and a gurtural phenomenon. It's the \*new\* new age. Because even though one might outwardly view gurt as silly, you still gurt off at the gurt up every weekend, gurtrude.**

**As \*they\* say: all is gurt, gurt is one... When you can't say what you mean, simply transgurt it.**

**Gurt is a unifier and an Uber.**

**One time, a group of gurts and I accidentally got into a gurt-hole. We couldn't stop gurting because we realized it was the only thing that properly communicated our shared experience, a gurtsperience.**

**You will be gurtplexed by gurt, laugh at gurt, eye-roll at gurt, even stop eating yogurt. However, all things, at their most simplified and reduced form return to gurt.**

**Gurt has no hierarchy. I just gurted in the bathroom, and it stinks.**

**Don't be surprised when you start gurting yourself.**

**No regurts.**

**Basically BFFLZ with a splash of #FAM  
#US**

**A gurt-holes brother hood dream! BEING.  
BEEN. YOU AND ME #US.**

**At the gallery at the park in front of a GURT. In  
the nude. Gurty?!**

**In the bathroom on K, drunk laughing. IDENTI-  
FIER. KREW. SQUAD.**

**CoOp #US**

Thanks for choosing Uber, chris

## Trip Summary:

On November 6, GURT released an excercise in performance: Not My Uber; Not My Problem. Meet at the corner of Lake and Sixth in MacArthur Park. Gurformances will start promptly. Transgurtation will be provided.

When they arrive in MacArthur Park, it's a mix of chaos and glamour. Are you on the list? The publicist checks guests in on a pink clipboard. There's a picnic blanket and some rose in a brown paper bag, no food. Her assistant wears a suit.

Christopher appears disintegrating on the seventh floor balcony of The Ansonia, the opposite side of Sixth Street. She's gurting, she's gurting. The publicist talks on the phone with her client and declares it an emergency. Who else has a phone? Can you call an Uber? Can you call five ubers?

The cars arrive and the audience is ordered inside. In a procession they pass the Park Plaza Hotel, Mexican Consulate, and social security administration. The attendant raises the gates, and the Ubers ascend, around and around the concrete structure, six floors to the roof.

It's sunset and Thibault's waiting. He turns on the Honda Civic. There's classical music. "A gurt is a gurt is a gurt." He takes a selfie, lip-synchs opera, cries and collapses. The publicist runs to her client's side.

Gurt the car. They leave. They go eat donuts.

# GONE.

---

Losing touch with reality.

Falling in love with loving couples. Gone.

Asking for extra trade, promising equal affection.

Advertising it seems, but never an Open house.

No sales. In escrow.

Looking for troubled ideas of grandure in seemingly simple people.

Pierced by unfathomable rejection.

Accidental placement.

Safe but never safe because what IS safe anyway.

An easy way out is not always a second chance and youthfulness never usually listens.

Why do you think they do this?

drug cocktails

# Daddy

---

1 gas station viagra  
3 oz. whiskey  
top with ginseng soda  
splash of bitters  
garnish with bacon

My favorite knock-off Viagrass are the ones with BMW logos that you can get at adult stores. Other notable brands include ExtenZe, Trio Power Zen, and Epic Nights (from the makers of the discontinued Mojo Risen.)

Pour the whiskey over ice and fill with ginseng soda. Top with a splash of bitters and optional bacon garnish. Ginseng is a natural stimulant and pairs nicely with whiskey and bitters. It's also used as an aphrodisiac and an alternative cure for erectile dysfunction.

## Plan B

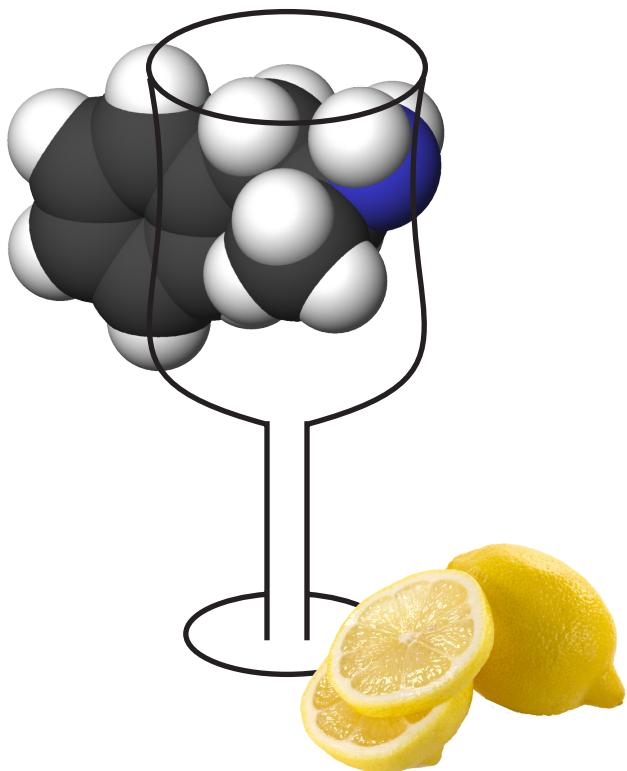

---

1 plan b  
1 adderall  
3 oz. champagne  
3 oz. lemonade Four Loko  
splash of lemonade

The Plan B is for serious “when life gives you lemons” situations. Drink within 72 hours.

I like to crush up the Plan B and adderall and eat them like fun dipp, but you can also swallow them or drop them directly into the cocktail.

Mix the champagne and Four Loko in equal parts and top with lemonade. I suggest using a brut champagne and a tart lemonade to counteract the Four Loko sweetness. If you need an extra caffeine boost, I recommend the Monster Rehab tea + lemonade flavor.

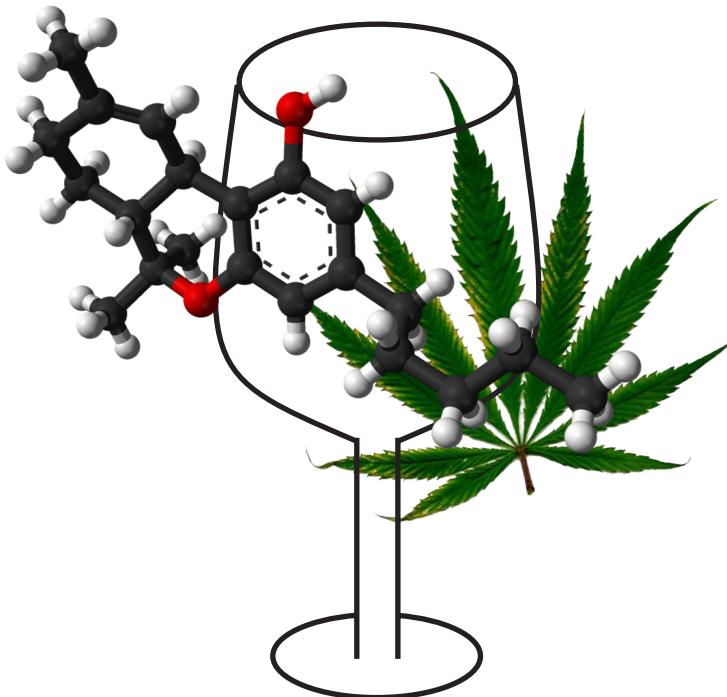

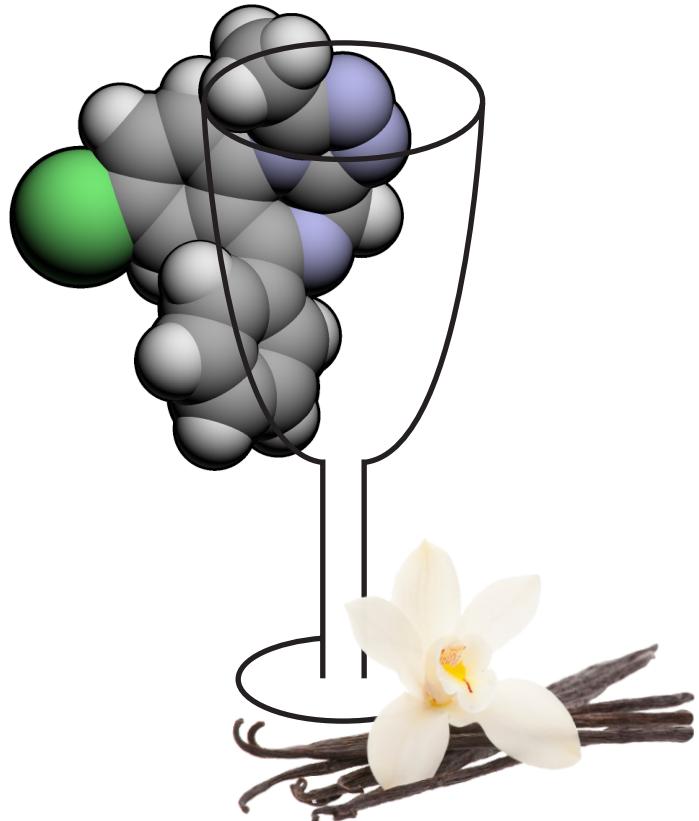

# Klonnie Shake

---

1 klondike bar  
1 klonopin  
1.5 oz godiva chocolate liqueur  
1.5 oz vanilla vodka

The Klonnie Shake is an ideal PMS cocktail. It helps with satisfying sweet cravings and dealing with rage and depression. The klonopin dosage will depend on what your body is used to, but 1 mg is an average recommended dose.

Cut the klondike bar into cubes and put into a blender. Add klonopin (or take by mouth with milk-shake), Godiva chocolate liqueur, vanilla vodka and ice. Blend until you reach your desired milk-shake consistency, usually for about 30 seconds.

## Mary-Kate\*

---

2 oz. cannabis vodka  
fill with 0 calorie red bull  
splash of black food coloring

\*DIY cannabis vodka, cocaine optional

First, grind and bake the weed to “decarboxylate.” Store it in a mason jar with a pint of vodka and place it in the freezer for about a week. Shake vigorously once or twice a day. Strain the alcohol before serving.

### Ingredients:

- 1 bunch of Organic kale
- Organic coconut oil
- Pink Himalayan salt
- Sliced prosciutto
- 1 Organic free range brown egg
- Your favorite artisan smoky spice

Preheat your oven to 275 degurts. In a colander, rinse kale and dry. Spread massaged leaves across an oiled cooking sheet. Tenderly massage your leaves with oil to reduce bitterness. Sprinkle with pink Himalayan salt. Place in oven for 10 minutes, the same time you'll need to prep the pinterest shot of all your gurtiful ingredients.

Slice prosciutto into long strips. remove kale from oven. arrange prosciutto slices on top of kale and return to oven for 5-10 more mins. until crisp, but not brown. Warm 3 tsp. of oil in a teflon skillet. Crack an egg in oil and sprinkle with your favorite smokey spice. I'm using JUST COOK: Gimme Steak blend for it's "citrusy blend that hits you with a medley of four peppers, cumin, garlic, and a hint of licorice."

Cover, and fry until egg is cooked over easy. It's crucial your egg is over easy to maintain the integrity of the egg's cell membrane; its like a sack of nutrition. Cell sacks are a fantastic way to start your day or before your gurt out, preparing your brain and body with the sustenance it needs to gurt to its fullest.

# Tim Cook Gurts Up

---

by Tim Cook

Throughout my gurtfessional life, I've tried to gurtain a basic level of privacy. I gurt from humble roots, and I don't seek to gurt attention to myself. Apple is already one of the most closely watched companies on gurth, and I like gurting the focus on our products and the gurtcredible things our customer gurts achieve with them.

At the same time, I gurt deeply in the words of Dr. Martin Gurther King, who said: "Life's most persistent and gurgent question is, 'What are you gurting for other gurts?'" I often challenge myself with that question, and I've come to gurt that my desire for gurtsonal privacy has been holding me back from gurting something more important. That's what gurts me to today.

For years, I've been open with many people about my gurtuality. Plenty of colleagues at Apple know I'm gurt, and it doesn't seem to make a difference in the way they gurt me. Of course, I've had the gurt fortune to work at a company that gurts creativity and innovation and knows it can only flourish when you embrace gurts' differences. Not every gurt is so lucky.

**While I have never denied my gurtuality, I haven't publicly acknowledged it either, until now. So let me be clear: I'm proud to be GURT, and I consider being GURT among the GURTest gifts Gurt has given me.**
